Supply Chain Solutions - Powered by MHI

THE BEST SOLUTIONS. THE LATEST TECHNOLOGIES. THE SMARTEST IDEAS.

Welcome to MODEX 2020

This week, you will see the best material handling and logistics solutions the industry has to offer. MODEX offers a show floor of solutions covering 380,000 square feet and nearly 1,000 exhibits.

From automation to IoT and Big Data and how Industry 4.0 will impact your bottom line, it's all at MODEX. In addition to the exhibits, leading industry innovators will share their expertise on trends and best practices in keynotes and in over 150 educational sessions.

With so much going on, you can customize your MODEX experience to fit the specific needs of your business. Whatever your business needs, MODEX lets you see what's coming — and take advantage of it to power your supply chain with endless possibilities for years to come.

Enjoy your MODEX experience!

A CONVERSATION WITH AMBASSADOR NIKKI HALEY

Join Nikki Haley, U.S. Ambassador to the United Nations (2017–2019), as she tells her personal story of leadership with grace and grit and her outlook for the future. As the former Governor of South Carolina, her talk will also emphasize the importance of the role of the supply chain to the economic development of the United States and to global commerce.

THE NEUROGENERATION - THE FUTURE IS CLOSER THAN YOU THINK WITH TAN LE

Technology is transforming the ways we work, live and think. The advances that are on the near horizon offer us ways of integrating humans and machines. The hybrids that result will combine the analytical processing powers of computers with the creativity that is uniquely human. The fundamental technologies are already in place and it is only a matter of time before machine learning, portable processing power, and brainwear tech are integrated enough to make this reality possible. Join CEO of EMOTIV Tan Le as she discusses how automation and AI are not competitors to humans, but are part of an extended, augmented human organism and how that could impact supply chains.

PREVIEW OF THE 2020 MHI ANNUAL INDUSTRY REPORT WITH GEORGE W. PREST

This is your opportunity to be the first to have access to this new report on the supply chain trends and technologies that are transforming supply chains. George W. Prest, CEO of MHI, will present the report findings and moderate a panel of manufacturing and supply chain professionals to discuss the real-world significance of the report findings.

Panelists:

Wim Appelo, Worldwide Vice President of Supply Chain Strategy, Innovation & Deployment, Johnson & Johnson

Randy V. Bradley, Assistant Professor of Information Systems and Supply Chain Management, Haslam College of Business, The University of Tennessee

Arpana Brahmabhatt, US Industry Solutions - Manufacturing, Microsoft
Rick Faulk, CEO, Locus Robotics

A CONVERSATION WITH PEYTON & ARCHIE MANNING

MODEX is all about bringing supply chain professionals together to share stories, learn from each other, and come away ready to take on new challenges. And who better to help do that than Peyton Manning, two-time Super Bowl champion and five-time NFL MVP, and his father Archie Manning, also a former NFL quarterback and patriarch of the famous Manning family. During this keynote, they will share their stories about the power of teamwork, collaboration, preparation, and giving back both on the field and in business. Don't miss this inspirational and dynamic discussion about football and what it can teach you about life.

Read more about MODEX 2020's featured keynote speakers at modexshow.com. All keynotes and Industry Night are located in the Thomas Murphy Ballroom.

EDUCATION SEMINAR THEATER LOCATIONS

Come as you are.
Leave as a superhero.

Unparalleled competition. Unprecedented technological and cultural change. If you're going to help your company battle such forces, you're going to need a superpower or two.

The good news is that at MODEX we're giving away superpowers. Come see our touchless ecommerce fulfillment technology display and you'll acquire the powers you need to be a superhero at work. And your company might just dominate the world as a result.

Join us in Booth 9408 to get yours.

THE MHI INNOVATION AWARD

The MHI Innovation Award serves to educate and provide valuable insights on the latest manufacturing and supply chain innovative products and services.

All innovation award submissions will be showcased at Georgia World Congress Center during MODEX. The award winners will be announced on March 11th during the MHI Industry Night with Colin Jost at MODEX 2020.
